

NATURE  
BABY

# SOLAR

★ SYSTEM ★

What is the largest and brightest object in our solar system?

IT'S THE SUN!

THIS IS THE SUN AS  
SEEN FROM EARTH!

**All the planets go around the sun. Together, the sun and planets are called the solar system.**

**The sun makes almost all of the light and heat in the solar system.**

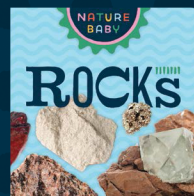

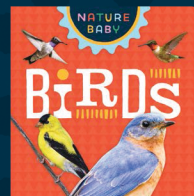

# LOVING NATURE IS THE FIRST STEP

The great outdoors is for everyone, and children should connect with it from the start. Introduce your youngest booklovers to the sun and planets in *Nature Baby: Solar System*. Read it aloud or put the sturdy book in small hands. Then let the fun begin!

## Inside You'll Find

- Full-color photos
- Concise yet informative text to interest young children
- Fun facts about our solar system

Your budding naturalists will treasure the Nature Baby series!
